About Our Company

CV. Jaya Abadi is a manufacturing company specializing in outdoor furniture, indoor furniture, cabinets, and engineered doors. Our products are crafted from high-quality materials, including teak wood, natural rattan, synthetic rattan, aluminum, and other selected materials. Located in Jl. Gajahmungkir, Manduro MG, Ngoro District, Mojokerto Regency, East Java 61385, Indonesia, we are committed to delivering products that combine quality, durability, functionality, and aesthetic value to meet the needs of both domestic and international markets.

Supported by a comprehensive range of modern production equipment, we ensure that every manufacturing process is carried out efficiently, accurately, and consistently to meet industry quality standards. Our production system is designed to maintain precision, reliability, and timely delivery for every project.

Our greatest strength lies in our experienced and highly skilled workforce, whose dedication and craftsmanship enable us to consistently produce products that meet the expectations of both domestic and international customers. We are committed to providing furniture and door solutions that not only enhance the beauty of residential and commercial spaces but also deliver long-lasting performance and customer satisfaction.

Mission Statement

- To manufacture high-quality furniture, cabinetry, and engineered doors that meet high standards of quality, durability, aesthetics, and sustainability.
- To build long-term partnerships with customers and business partners through trust, professionalism, transparency, and outstanding service.
- To develop a skilled and dedicated workforce while contributing positively to local communities through ethical and possible business practices.
- To promote sustainable manufacturing by optimizing resource utilization and minimizing environmental impact throughout our production processes.

Vision Statement

To become a trusted manufacturer of premium furniture and engineered doors, recognized in both national and international markets for exceptional craftsmanship, continuous innovation, sustainable manufacturing practices, and high-quality products that enhance residential and commercial spaces.
